

# NOISE ABATEMENT PATTERN PROCEDURES FOR HELICOPTER

Pioneer Pattern – Altitude 700' MSL

**Primary helicopter pattern.** Please fly downwind leg along Wing Ave. and turn base leg at County Transient Ramp. Please do not fly over parked aircraft.

Runway 27L – Altitude 1200' MSL

Pilots are urged to make every attempt possible to turn their Crosswind Leg before Fletcher Hills and fly south along Cuyamaca Street. At Base Leg, please make every attempt possible to turn at HWY 67 when traffic permits.

***Please be a good neighbor – fly safely and quietly over homes!***
